

CHARITY DANCE AT PROGRESS HALL

The charity dance to be given by the Catholic Benevolent Union of Hawaii at Progress Hall this evening promises to be a big success. The sale of tickets has been large, and it is hoped that all those who so generously contributed to the good work the Union is doing by purchasing tickets will be present to enjoy a most pleasant evening. Progress Hall is undoubtedly one of the coolest places in the city, and this should contribute to the comfort of those who participate in the strenuous pleasure of the dance.

Excellent music will be provided, and the program has been selected with a view to pleasing the dancers. Dancing will continue till midnight. Cool and refreshing drinks will be served to assist the breezes from the palm in keeping down the temperature. A good time is assured everybody and no pains will be spared to make this a most enjoyable event. The cause is most worthy, and you not only enjoy yourself, but provide the means for others, less fortunate, to share in a little of this world's happiness.

THE ONLY GERM-PROOF REFRIGERATOR

Made in the

"Gurney"

It is the only make that can boast of the REMOVABLE ICE COMPARTMENT.

Have you ever thought that this claim is the secret and success of constructing a cleanable, pure and germ-proof refrigerator? For years it was conceded that the non-removable ice compartment was an ideal culture farm for germs. Now no fear need be entertained for this great menace to health.

None, other than the GURNEY, has the REMOVABLE ICE COMPARTMENT.

Eyes Examined

GREATER advancement has been made in the optician's business than in any other. A few years since, spectacles were handed over the counter like ordinary merchandise, but today the services of a fully qualified optician are essential in order to determine—by a scientific examination of each eye—what are the correct glasses.
